

Zubin Mehta
President of the Festival del Mediterrani

As President of the Festival del Mediterrani and a person who has always loved all peoples and cultures, it is an immense satisfaction that the performance of Carmen that I conduct on June 18th at the Palau de les Arts will be followed live from different places in the planet. In these times of crisis and uncertainty art becomes a vital factor. Giving life to this masterpiece, in excellent artistic conditions, with a remarkable cast and orchestra, before such a diverse and multinational audience, is a privilege that I take with great responsibility.
